United Way Seeks Community Input to Direct Impact Strategy

Winchester, VA January 28th, 2020 - United Way of Northern Shenandoah Valley (UWNSV), invites the community to participate in scheduled UWNSV Community Forums to guide their impact strategy. These forums are the final part of drafting the 2020-2023 Community Needs Assessment, and are designed to give community members, leaders, and agencies an opportunity to evaluate data and provide valuable contextual information and feedback.

Every three years the conducts a Community Needs Assessment. The 2020-2023 assessment will continue to help shape UWNSV’s Community Impact strategy that will not only guide future impact grant giving, but will outline the potential for long term collective impact projects. The purpose of the needs assessment is to periodically review and re-evaluate UWNSV priorities for investment under Education, Financial Stability and Health Impact Areas using data about needs and gap analysis. Each year the assessment has included valuable data in identifying needs in the community.

RSVP is required for each forum. Attendee will be sent draft data files prior to the forum, as well as have communication information in the event of inclement weather.
