Community Impact Program Overview

Community Impact focuses United Way resources on the needs that matter most to the people of Northern Shenandoah Valley. The Community Impact Grant Program (formerly the Venture Grant Program) was established in 2003 by the United Way of Northern Shenandoah Valley to focus resources on the priority health and human care needs that matter most to the people of our communities.

Program grant reviews are undertaken annually by the Fund Distribution Committee.

The intent of this program is to respond to local priority needs as established through the United Way Community Needs Assessment and 2020 ALICE Report, including: education, income and health. Our grant priorities are outlined in our Community Impact Strategy.

To achieve the goals outlined in the Community Impact Strategy Map, United Way will focus its resources on a limited set of investment areas where organizations can make the greatest impact and contribute to significant outcomes.

Community Impact Strategy Map

We recognize that funding alone cannot solve deeply rooted community problems. Our strategy at United Way NSV is to provide funding to innovative programs that support community-wide goals, but to not stop there by going above and beyond to advocate for community change, convene community leaders around community issues and educate businesses, community leaders and the public at large about how to best support an effort for positive community change.

Our comprehensive impact strategy includes:

- **FUNDING:** Funding innovative programs that support community-wide goals.
- **ADVOCACY:** Advocating for the voiceless to ensure policy and program improvement.
- **CONVENING:** Collaborating with those who have the passion, expertise and resources to drive change.
- **EDUCATING:** Educating businesses, community leaders and the public on critical local issues.

Demographic Priorities

ALICE®:

Our commitment remains to serve ALICE®. ALICE, an acronym for Asset Limited, Income Constrained, Employed, is a way of defining and understanding the struggles of households that earn above the Federal Poverty Level, but not enough to afford a bare-bones household budget. For far too many families, the cost of living outpaces what they earn. These households struggle to manage even their most basic needs - housing, food, transportation, childcare, health care and necessary technology. When funds run short, cash-strapped households are forced to make impossible choices, such as deciding between quality childcare or paying the rent, filling a prescription or fixing the car. These short-term decisions have long-term consequences not only for ALICE families, but for all of us. We envision a world where all those who work to keep our local economies running can support themselves and their families.

Race, Equity & Inclusion:

Acknowledging that racial and ethnic disparities persist, that result with disproportionate impacts for people of color in social determinants of well-being, is a foundational component in working towards racial equity within our communities.

We commit to developing a better understanding of the challenges our community faces when it comes to racial inequities. These inequities contribute to the disparities we see in the areas of health, education and financial stability and will continue to hold us back from being a just community where every person is valued equally, receives the full benefit of community belonging and has the opportunity to contribute, unless we address them.

We are committed to addressing these inequities using the following strategies:

1. Listen and learn as we work together to heal, find solutions, and build a more equitable and just community. We don't have all the answers, but we have the opportunity and obligation to actively listen, reflect, learn, act and encourage others to do so as well.
2. Engage in partnership with community-based organizations, following their leadership on how to address issues of institutional racism in our community.
3. Utilize data in order to inform the community and our partners on the issues that disproportionately affect communities of color and how they can be addressed.
4. Develop and support programs and initiatives that address racial inequities.
5. Be a voice for the reforms and community support necessary to bring justice, equality, and equity to our society.

Living United means being courageous and eliminating the disparities that keep certain segments of our community from achieving opportunities for a better life. It means mobilizing the caring power of community to lift those most in need and create communities where no one experiences barriers to living healthy, thriving lives.

Strategic Priorities:

Our strategic priorities are meant to set a roadmap for the community, our partner agencies and other strategic partners. At the same time, we pride ourselves on the ability to meet immediate and emerging needs in the community and reserve the right to change, amend or add strategic priorities should the needs of the community change. No one can predict with certainty how the COVID-19 pandemic will impact the needs of the community and we are committed to adjusting our strategic priorities should we need to in order to address ongoing and potentially unforeseen needs.

Grant Process – Before the Application

Letter of Intent

Interested applicants must submit a Letter of Intent by 5PM on January 14, 2022. Starting in 2022, all Letters of Intent will need to be submitted through the online grant portal Community Force. The link to the portal is: <https://unitedwaynsv.communityforce.com/Login.aspx>.

The letter of intent should provide a short description of the program you will applying for. It does not need to specify exactly how the funding will be used or for how much, it simply notifies United Way that you would like to continue the process to the next stage.

Mandatory Grant Application Training

After receiving the Letters of Intent, United Way staff will contact eligible applicants to invite them to attend a mandatory grant training session. This session will allow applicants the opportunity to ask questions, learn more about the Community Impact Strategy Map and walk through the grant application process. United Way staff and the Fund Distribution Chair will lead the mandatory information session for **all eligible applicants** on the dates listed above.

Please note that agencies should make sure that the person WRITING the grant is in attendance. Any agency that has NEVER applied for UW funding must attend the LIVE training session. Returning agencies have the option to view the recording, however if they have questions about the process, they should attend the live version. Staff cannot address all agency questions individually. Agencies who view the recording will need to certify that they have watched the recording in its entirety.

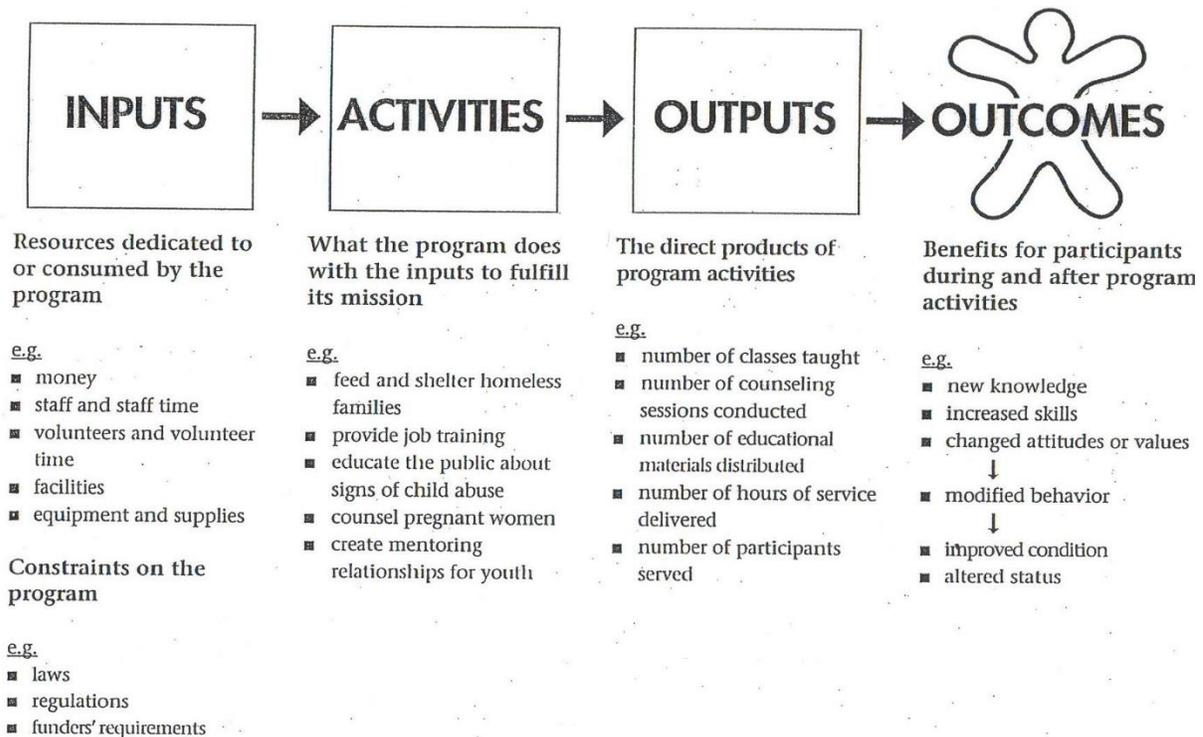

Grant Process – Completing the Grant Application

Beginning in 2022, we are utilizing the Community Force grant portal to submit and manage the grant application process. If you are invited to apply for an Impact Grant (after submitting your LOI), you will receive an email and be able to continue with your grant application on the portal. Click “Start Grant Application”. Applicants must submit their final grant application by 11:59 PM February 18, 2022.

You will be able to view of PDF of the application from the portal to preview the questions. Grant requests MUST be submitted via the online portal. Agencies may want to draft answers to the questions in a word document and copy and paste the answers into the grant portal. You should draft and save your responses as you go to avoid loss of work due to technical issues.

The online grant application consists of questions that collect information related to your organization and the goal of the funding program under consideration. You will also be

asked to provide a detailed program description that includes resources, activities, quantitative outputs related to service delivery, outcomes and a program budget. United Way grants are outcome-focused and the success of these grants is measured using the below Outcome Logic Model. We recommend referring to this model as you complete your application.

Many sections specify a character count maximum. This does not mean you have to write the maximum character count. The best grant responses are concise, accurate, compelling and consistent.

Grant Process - Grant Review

Upon receipt of the completed applications, the requests will go through a competitive grant review process facilitated by United Way NSV. The Fund Distribution Committee is comprised of United Way Board Members, subject-matter experts and community leaders who volunteer their time to review grant applications and make recommendations to the UWNSV board of directors. As a steward of community dollars, United Way requires thorough evaluations of all requests received. The evaluation process may include requests for additional information. Final decisions on all grant requests rest with the United Way NSV.

The grant review process consists of 3 parts:

1. The completed application
2. An Agency Visit
3. A Panel Presentation

The **completed application** is reviewed by all Fund Distribution panel member volunteers assigned to your agency. Panel members will also receive copies of your accountability documents (if requested) and copies of prior years’ grant reports that have been submitted.

After the application has been reviewed, the panel chair will reach out to schedule an **agency visit**. This is arguably the most important part of the Fund Distribution process. This gives panel members the opportunity to FEEL the impact of your agency. Be intentional in how you plan to execute your panel visit. They typically last approximately one hour. If you have questions or challenges executing an agency visit please let a UW representative know and they can help you brainstorm ideas.

After the agency visit you will be assigned a time for a 30-minute final panel presentation. It’s possible that it doesn’t last 30 minutes, but it can be NO LONGER than 30 minutes. This is your last opportunity to make the case for your grant request. Below is a suggested presentation format.

Suggested Presentation Format:

The following presentation format will be shared with volunteer panel members and agency representative to insure consistency of presentations.

1. Agencies will be asked to organize a 2-3 person presentation team. Presentations will be 30 minutes. (Suggestion: Executive Director, board member and a client)
2. Overview – provide a brief overview of the organization’s Mission and Purpose. Explain the agency’s proposal for funds. (5 min.)
3. Focus on Outcomes – Describe the agency’s services, the number and population served and the agency’s outcome objectives. Explain how the agency is impacting high need issues and how they are working with others to meet needs. (20 min.)
4. Wrap up – Summarize how the agency works in partnership with United Way and other groups to impact needs. Q&A. (5 min.)

Key Questions: “So What?” (What difference have you made in the lives of the people you serve?) “How do you know?” (What indicators do you use to measure results?) “If you received a grant in 2021 what are your outcomes, how was money used?” and “If you are not awarded the full amount of your grant request what is your first priority for funding?”

After the panel presentation, panel members will come up with an agency score (based on the rubric) and a recommended funding amount. After all recommendations have been made, panel leaders may have to adjust recommendations with other panel leaders in order to make sure that the dollar amounts awarded add up to the amount allocated for grants.

Final grant recommendations are then sent to the United Way NSV board for approval.

Confidentiality

Although the deliberations and discussions of the committee are strictly confidential, United Way staff will share information with other individuals and agencies as needed. To assist the grant seeker, United Way staff may discuss general concerns and questions with the grant seeker.

Conflict of Interest Policy

United Way NSV maintains a strict conflict of interest policy for its Board, staff and volunteers to ensure independence and integrity in its recommendations. Staff and volunteers may not accept any form of compensation, gifts or favors from any organization or representative that anticipates submitting a grant proposal to United Way or that has already submitted a proposal or received a Community Impact Grant in the past.
