

# CHANGE THE ODDS FOR WOMEN AND CHILDREN WE ARE WOMEN UNITED.

As an integral part of United Way across the globe, Women United® is a diverse, vibrant community, bound together by a powerful sense of belonging – to each other, to the organization’s mission and to the community we call home.

## WE IGNITE CHANGE.

We tackle the issues that matter most to the people in the Shenandoah Valley. We empower each other to use our passions, our ideas, our expertise and our resources to transform the very conditions in which people live.

## WE’RE DIFFERENT.

We don’t stand by. We’re raising our voices, rolling up our sleeves and leaving our fingerprints on a legacy of change that benefits everyone. And, as part of United Way, we have unparalleled resources to make lasting local changes with global impact.

With your \$1,000+ leadership gift and by marking your interest in Women United you will be contacted after the 2020 Campaign to be a part of this amazing group of women who will champion change in our community.

## WE GET THINGS DONE.

Communities need champions who understand their problems, see their potential and will offer brave solutions that will make a difference. We ignite the power of women to create lasting change in their communities.

## WE NEED YOU.

By joining Women United, you’ll become part of a community of like-minded women who contribute their personal passions, inspired ideas and unique strengths to the mission of building stronger communities. You’ll make a difference through volunteer opportunities alongside others who share your passion. As part of the organization, you’ll have opportunities to network and collaborate with key business and community leaders at exclusive events. This is your chance to learn about the key issues impacting our community and advocate for meaningful, progress.

“I love supporting the United Way because I know they are working with community organizations that really make a difference. Through the United Way I know my contribution is being used where it will do the most good. I rarely promote causes to friends and colleagues, as I know that people have their own priorities, but I feel good asking people to consider supporting the United Way.” - Adrienne G. Bloss, PhD, Shenandoah University
