

JOIN US!

for dinner and discussion on the
41% of VA residents who are
ALICE

Asset Limited, Income Constrained, Employed

In recognition of ALICE Awareness Week, United Way and Women United invite you (along with your hungry family and friends) to join us for dinner and to join the conversation about the needs and struggles of the ALICE population right here in our community. These hard-working families earn enough to not be eligible for food stamps but not enough to always keep food on the table. ALICE is only one flat tire away from financial disaster, one sick day away from not making rent. Just one unexpected expense can cause disaster for an ALICE family.

But that is where you come in! A generous percentage of restaurant sales for the evening will go toward our goal of \$1,000 for the ALICE Emergency Fund that our community depends on in times of crisis. You could help make the difference. You can help a family in crisis not have to make one more hard decision. We will also be able to accept donation onsite and online.

You can make the difference for those in need right here in our community, right now and all year long.
