COMMUNITY SERVICES DIRECTORY

2019-2021

Dear Neighbors:

Across our region, medical emergencies, financial crises, and housing insecurities force families to make tough choices every day. The ability to meet basic needs, including access to safe housing, adequate food and medical care, provides stability for our community. Hundreds of nonprofits across our region are working to address these needs.

This Community Resource Directory is a comprehensive guide to area non-profits and services. It contains information on over 165 non-profits community-wide, covering the city of Winchester, and the counties of Frederick, Clarke, Shenandoah, Page, and Warren. The directory, which has been offered by United Way NSV since 1996, is made available at no cost to area businesses, schools, medical offices and the community at large.

Over the years, United Way of Northern Shenandoah Valley has assessed our community needs and provided special resource information aimed at current issues affecting local residents. This edition includes more than 25 new agencies and a comprehensive list of food pantries and public schools.

In 2018, we launched the Valley Assistance Network (VAN), a program to help families navigate community resources. The core service of VAN is a comprehensive resource and referral system to help families connect with services. In phase two, clients have access to financial education and coaching to help move them become financially secure. Using the Community Services Directory, our staff and volunteers at VAN are 'walking resource guides' where real people walk alongside families who need help connecting with services.

We hope this resource is helpful to you. Please keep in mind that information changes frequently and it's important to call ahead to verify services. If you need additional assistance or have agencies to add to the list of resources, please contact the Valley Assistance Network at (540) 773-3178.

We thank our friends at LSC Communication for printing this valuable tool for our community. Additionally, we want to express our appreciation to United Way volunteers, staff, and The Northern Virginia Daily for their support.

Sincerely,

Nadine Pottinga, President and Chief Executive Officer
United Way of Northern Shenandoah Valley
