

Valley Health is preparing for COVID-19 and is offering

Temporary Employment and Volunteer Opportunities

to community members experiencing position furloughs or college-age students who are temporarily out of school.

Opportunities include:

- Additional **clinical opportunities** for per-diem staff in nursing and clinical support positions
- **General and professional assistance** in administrative and clerical roles, food service and environmental services positions
- **Volunteer opportunities** including answering phones, supporting staff and other general assistance

**To be considered for available positions, apply here:
<http://app.jobvite.com/m?3IQPXlwa>**

Child Care

Given recent school closures, Valley Health would like to help provide a list of child care resources for our clinical staff. If you are interested in being on a call list to provide child care, please apply here:
